VIDEOGRAPHY THURRY & LOLLA

We're Thurry & Lolla, but when we're at home with our plants we are Sam & Georgina Thorogood. Married in 2019 and living in Melbourne, photography and videography is our ticket to working hard by hardly working. We have far too much fun! We love every moment we get to work together and that's why we're here. Capturing weddings, engagements, anniversaries; any and every beautiful moment that needs to be captured and getting to do it together for you! So here we are, always looking forward to the next time we get to give the gift that only a camera can give. Why a photographer and a videographer you might ask? Well, if a picture says a thousand words, just imagine what you could say with a movie.

PHOTOGRAPHY MIRANDA STOKKEL

I'm Miranda! AKA Mirandy, Mimi, Mandy. My style is relaxed, happy and candid. Why do I take photos? Life is too good to not document it!

I started shooting candid portraits of people at festivals because something about it made my heart go na-na's and along the way I discovered and completely fell head over heels in love with capturing legends on their wedding day. I really want to hear about you and your stories!
